

HOSA Creed and Cheer

- I believe* in the Health Care Profession.
- I believe* in the profession for which I am being trained; and in the opportunities my training offers.
- I believe* in education.
- I believe* that through education I will be able to make the greatest use of my skills, knowledge and experience in order to become a contributing member of the health care team and of my community.
- I believe* in myself.
- I believe* that by using the knowledge and skills of my profession I will become more aware of myself. Through fulfilling these goals, I will become a responsible citizen.
- I believe* that each individual is important in his or her own right; therefore I will treat each person with respect and love. To this end, I dedicate my training, my skills, and myself to serve others through Health Occupations Students of America.
