2023-2024 MICHIGAN HOSA EVENT MODIFICATIONS FOR REGIONAL CONFERENCES!

future health professionals

New for 2023 – 2024

Tallo has been replaced with the HOSA Digital Upload System.

The requirement for Be There Certification has been removed and has been added as a suggested resource instead.

These guidelines are written for ILC. States may modify events or have different event processes and deadlines. Be sure to check with your Local/State Advisor (or state website) to determine how the event is implemented for the regional/area or state conference.

Editorial updates have been made.

Event Summary

The Mental Health Promotion event provides HOSA members with an introduction to Mental Health topics with a grounding in prevention. The event is built on the understanding that “mental health IS health” and that we must think about taking care of our mental health just as we do our physical health.

This competitive event consists of a team of 2 to 6 members. Teams will create and publish a social media campaign for their peers centered on building and promoting protective factors around a selected mental health topic. This social media campaign will be pre-judged digitally prior to ILC. Teams will present their social media campaign and process to a panel of judges at ILC. This event aims to provide information on how to support someone struggling with their mental health and to inspire future health professionals to promote the importance of mental health in their schools and communities. **The social media campaign will be pre-judged digitally prior to the regional conference. Please submit your digital upload (instructions here: <https://hosa.org/competitive-event-digital-uploads/>) by the upload date listed on the website: www.michiganhosa.org/regionals.**

Sponsorship This event is sponsored by [CVS Health](#)

Competitor Must Provide

- [Photo ID](#)
- Reference pages, completed Mental Health Consultant form and digital files / links of the social media campaign electronically submitted by the published deadline (see advisor regarding SLC requirements and deadlines)
- Index cards or electronic notecards for presentation (optional)
- Computer/Tablet with social media campaign (optional)
- Two #2 lead pencils (not mechanical) with eraser for evaluation

Dress Code Competitors shall wear the official HOSA uniform or proper business attire. ~~Bonus points will be awarded for proper dress.~~ All team members must be properly dressed to receive bonus points. **Bonus points will not be added for proper dress, but judges/event managers will make note if competitors are NOT in proper dress which could result in overall point deduction.**

General Rules

1. Competitors in this event must be active members of HOSA in good standing.
2. **Eligible Divisions:** Secondary and Postsecondary/Collegiate members are eligible to compete in this event.
3. Competitors must be familiar with and adhere to the ["General Rules and Regulations of the HOSA Competitive Events Program \(GRR\)."](#)
 - A. Per the [GRRs](#) and [Appendix H](#), HOSA members may request accommodation in any competitive event. To learn the definition of an accommodation, please read [Appendix H](#). To request accommodation for the International Leadership Conference, [submit the request form here](#) by May 15 at midnight EST.
 - B. To request accommodation for any regional/area or state level conferences, submit the request form [here](#) by your state published deadline. Accommodations must first be done at state in order to be considered for ILC. **Regional accommodations MUST be submitted two weeks prior to your regional conference date. Email Samantha.pohl@mhc.org for questions.**
4. All competitors shall report to the site of the event at the time designated for each round of competition. At ILC, competitor's [photo ID](#) must be presented prior to ALL competition rounds. **Event managers will be checking photo IDs at the regional level as well. Identify a Mental Health Consultant

11. Teams will identify a Mental Health Consultant who will support their participation in this Mental Health Promotion event. Consultants could include a school mental health professional (i.e.: counselor, nurse, psychologist, etc.), or community mental health professional. If none of these consultants are available, the local HOSA advisor can serve in this role.
12. The purpose of the Mental Health Consultant is to provide competitors oversight of project content and to offer support and guidance.
13. The Mental Health Consultation form is found on page 6 of the guidelines and must be included as part of the digital upload as described below.

Identify Risk and/or Protective Factors for Mental Health within Social Media Campaign

14. Teams will focus on risk and/or protective factors for youth. [Learn more about risk and protective factors](#) and [view a listing of specific factors here](#).

15. The risk and/or protective factors can be selected based on the team's interest and/or on a needs assessment/evaluation of their school/community and the desire to address a particular topic with their peers.
16. Teams should work with their Mental Health Consultant to identify an appropriate youth topic and risk and/or protective factors related to the topic. As **EXAMPLES**, the below two example scenarios are outlined:
 - A. *Working with the Mental Health Consultant, your team discovers that there are a large number of "people who are cutting for self-harm" in your school. Some risk factors of self-harm are identified as bullying, peer conflict, and witnessing violence in the home. The team decides to focus the social media campaign on ways to navigate bullying and solve peer conflicts.*
 - B. *Your team is interested in the impact social isolation has had on teens at your school. Working with the Mental Health Consultant, you discover that many teens are showing signs of depression. Your team decides to focus your social media campaign on engagement and connections with others through school extracurricular activities, as this has been identified as a protective factor for depression.*

Develop a Social Media Campaign for Peers

17. Using the team's chosen topic and identified risk and/or protective factors, teams will develop a social media campaign to educate their peers on this topic.
18. The social media campaign may include photos, videos, interviews, graphics, animations, cartoons, audio, blogs, tweets, or any other appropriate form of original social media content to convey the educational message desired by the team. Teams may create original content or enhance something existing. Connected to 16b above, **EXAMPLES** may be:
 - a. *Series of photos highlighting students feeling connected and engaged during extracurricular activities at school.*
 - b. *Series of short video interviews of different friends from school who are involved in different school activities, explaining how a wide range of options has benefitted their emotional wellness (i.e.: HOSA member, drama club member, football player, Science Olympiad member).*
 - c. *Series of TikTok videos or social media reels showing what the importance of engagement in school activities looks like, sounds like, and/or feels like.*
19. Teams will establish the timeline and method for implementing the social media campaign. Materials may be shared on Facebook, Instagram, YouTube, TikTok, Snapchat, Vimeo, websites, etc. The timeline and methods will be shared as part of the round two presentation. Connected to example 16b above, **AN EXAMPLE** may be:
 - a. *The social media campaign will be shared on each team member's Instagram profile, as well as the local HOSA chapter's Instagram account during the month of January, so all posts and content can be shared back-to-back. There will be a minimum of 31 posts, one per day, for the month.*
20. Teams will compile a Reference Page(s) citing all literature used in the development of the Social Media Campaign. American Psychological Association (APA) is the preferred resource in Health Science. *Points will be awarded for compiling a clean, legible reference page(s), but the formatting of the reference page(s), is not judged.* The Reference Page(s) will be included as part of the digital upload as described below.

Pre-Judging Competition - REQUIRED Digital Upload of Social Media Campaign

21. The following item(s) **MUST** be uploaded by ONE member of the team to the HOSA Digital Upload System by May 15 (this date is for ILC!): **For regionals, you must upload by your region's upload deadline listed on the website www.michiganhosa.org/regionals**
 - a. All digital files showing the Social Media Campaign – including any images, graphics, and links to videos and/or posts.

- A. It is up to the team how to best organize and present their digital files showing the Social Media Campaign. An example from a previous year's team is available here: <https://linktr.ee/payitforward.hosa>
- B. For links, type or copy/paste the URL link into the pdf file and ensure all links are set to PUBLIC permissions so judges can view them. Links without public permission will result in the entire project being given a 0 score. If you use Instagram or another social media platform, ensure all content submitted for judging is publicly viewable.
- b. Completed Mental Health Consultant Form, page 6 of guidelines.
- c. Reference Page(s).
 - A. The above materials will be uploaded as one combined pdf file. - There is no limit to the number of pages this pdf can be. Include all files and links that were used as part of the Social Media Campaign.

May 15 at midnight EST is the **final deadline** and there will be **NO EXCEPTIONS** to receipt of the required materials after the deadline.

- 22. Detailed instructions for uploading materials can be found at: <https://hosa.org/competitive-event-digital-uploads/>
- 23. State Leadership Conference (SLC) vs. HOSA's International Leadership Conference (ILC)
 - a. **State Leadership Conferences.** It is the competitor's responsibility to check with their Local Advisor for all state-level processes used for competition as digital uploads may or may not be a requirement. **For regionals, you must upload by your region's upload deadline listed on the website www.michiganhosa.org/regionals**
 - b. **International Leadership Conference.**
 - i. If a competitor uses the HOSA Digital Upload System as a requirement at the SLC, the competitor **MUST upload an ADDITIONAL time for ILC by May 15.**
 - ii. If the HOSA Digital Upload System is NOT used at the competitor's SLC, it is still the competitor's responsibility to upload the product for HOSA's ILC no later than May 15. Not using the HOSA Digital Upload System at a competitor's State Leadership Conference is not an exception to the rule.
- 24. The FINAL ILC digital upload deadline is May 15. We STRONGLY suggest not waiting until the last minute to upload online to avoid user-challenges with the system.
- 25. For ILC, the digital materials uploaded by May 15 will be PRE-JUDGED. Competitors who do not upload materials are NOT eligible for the presentation portion of competition and **will NOT be given a competition appointment time at ILC.** All digital content uploaded as of May 15 is what will be used for pre-judging at ILC. **At the regional level, the digital materials uploaded will be pre-judged. Competitors who do not upload materials can still participate in the presentation portion of the event but will have ZERO points for the pre-judged content.**
- 26. Pre-judging will not be attended by competitors at ILC. Judges will view the submitted digital items and will use the rating sheet to score each team's social media campaign.
- 27. It is important to note that judges will have seven (7) minutes to review the pre-judged digital submissions. The number of items (photos, videos, etc.) to include in the social media campaign is determined by the team, but the team should be aware of this seven (7) minute review time to ensure there is not too much (or too little) content for the judges to effectively get through.

Presentation for Judges

- 28. Teams will report at their appointed time to present to the judges.
- 29. Teams will have a maximum of seven (7) minutes to present to the panel of judges.

30. The timekeeper will announce the time when there is one (1) minute remaining in the presentation. The timekeeper will stop the presentation after seven (7) total minutes and the team will be excused. **There may or may not be a timekeeper in your event depending on the number of volunteers. In many cases, the judge will also act as time keeper and will be instructed to stop the presentation after seven (7) minutes.**
31. The presentation will:
 - a. Share key points that the team learned from reading the recommended resources.
 - b. Explain the risk and/or protective factors the social media campaign addressed.
 - c. Summarize “why” the selected topic was chosen (the needs assessment/evaluation of the school/community, and/or the interest by the team).
 - d. Outline the timeline and methods used in the campaign.
 - d. Share how the Mental Health Consultant was utilized in the learning process.
 - e. Describe potential next steps and how the team could implement additional projects and further make a difference regarding the identified target topic.
32. The use of a computer/tablet/DVD player is acceptable to incorporate pieces of the social media campaign during the team’s presentation. Teams will bring their own computer/tablet/DVD player operating on battery power for showing parts of the social media campaign. The information should be clearly visible to judges sitting up to 5 feet away from the screen. (HOSA will NOT provide a TV, DVD player, electrical power, wi-fi, AV, screen, or any connecting cables.)
33. During the presentation, all or part of the social media campaign can be shown to judges to enhance the presentation. The amount of the campaign, and which part(s) of the campaign shown is at the discretion of the team.
34. Use of index card notes during the presentation are permitted. Electronic notecards (on a tablet, smart phone, laptop, etc.) are permitted, but may not be shown to judges. Only the team’s electronic device may be shown to the judges during the presentation. Please refer to [GRR #31](#).
35. Teams will be ready to present with their digital media at their appointed time.

Final Scoring

36. Scores from pre-judged social media campaign will be added to the presentation score to determine the final results.
37. In the event of a tie, a tiebreaker will be determined by the areas on the rating sheet section(s) with the highest point value in descending order.
